

RADHIKA GARG

UI/UX Designer | Product Design

New Delhi, India • radhikagarg931@gmail.com • +91-9315763547 • [LinkedIn](#) • [Behance](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

User-centered UI/UX Designer with hands-on experience across the full product design lifecycle — from user research and information architecture to high-fidelity prototyping, usability testing, and design-to-development handoff. Skilled in Figma-led workflows, accessible (WCAG) design, and AI-assisted design tools, with a track record of translating user insights into intuitive, inclusive digital experiences. Eager to bring empathy-driven, data-informed design thinking to a fast-paced product team.

SKILLS

UX & Design: User Research, Persona Development, User Flows & Journey Mapping, Information Architecture, Wireframing, Prototyping, Usability Testing, Design Systems, Accessibility Design (WCAG), Responsive Design

Tools: Figma, Adobe XD, Photoshop, Illustrator, Canva, Teachable Machine, Notion, MS Excel, Claude.ai

Core Competencies: Design Thinking, AI-Assisted Design Workflows, Stakeholder Communication, Cross-Functional Collaboration, Iterative Design, Problem Solving

KEY PROJECTS

NavU — AR-Based Campus Navigation System

UI/UX Designer | Figma, Unity, AR Foundation, Claude.ai

- Designed an AR-powered navigation app solving a real onboarding problem: large, unfamiliar campuses where outdated maps and signage cause stress and late arrivals for new students.
- Built a user persona from research into fresher pain points (getting lost, anxiety about asking for directions, unreliable GPS at campus gates) to ground design decisions in real needs.
- Ran a competitive audit against Google Maps, MazeMap, IndoorAtlas, and ARway, identifying clear whitespace for a fresher-focused, AR-first solution and shaping NavU's feature set.
- Mapped the core app flow — AR arrows, building recognition, QR-based route scanning, and bilingual voice guidance — using Claude.ai to accelerate ideation and structure SWOT analysis.
- Designed a minimal, accessible interface with an emergency-help feature, then validated the prototype through usability testing with new students.

Mental Health Awareness & Support App

UI/UX Designer | Figma

- Led end-to-end UX for an empathy-centered mental health app for ages 15–25, conducting qualitative user research and developing 3 user personas to guide design decisions.
- Mapped end-to-end user journeys and translated insights into wireframes and high-fidelity Figma prototypes.
- Ran 2+ rounds of usability testing and iterated on navigation and information architecture, improving task completion rates and overall navigation clarity.

Color-Blind Inclusive Learning App

UI/UX Designer | Figma

- Designed an accessible learning platform for color-blind children (ages 5–15), building a WCAG-compliant adaptive color system paired with age-appropriate interaction patterns.

EXPERIENCE

Operations & Branding Support — Arterior Décor

May 2025 – Jul 2025

- Streamlined operational workflows and supported cross-functional branding initiatives, applying visual design principles to strengthen brand consistency across marketing collateral.

UX Developer Intern — Sangyan Software Pvt. Ltd.

Dec 2024 – Jan 2025

- Applied UX heuristics to improve interface consistency and usability on the Connect Cloud product, managing design-to-development handoff to ensure accurate component implementation.

Education Intern (Volunteer) — Sai Charitable Society

Jun 2023 – Jul 2023

- Supported inclusive education delivery for underprivileged students, building adaptability, communication, and a continued commitment to accessible design.

EDUCATION

Bachelor of Design (B.Des) — UPES, Dehradun

4th Year (Complete)

Senior Secondary (CBSE) — BGS International Public School, New Delhi

Commerce with IP, 78.6%

CERTIFICATIONS & ACHIEVEMENTS

Certified Yoga Instructor • French Language Olympiad • Programming Languages Proficiency • Art Coordinator (2 Yrs) • 1st Prize, Inter-School Street Play • Inter-School Badminton Winner • 2nd Runner-up, Skating Championship
